The hunting tradition and wildlife conservation face many obstacles...

An active team effort is needed to preserve our interests

Since our beginning in 1982, Whitetails Unlimited has remained true to its mission and has made great strides in the field of conservation. We have gained the reputation of being the nation's premier organization dedicating our resources to the betterment of the white-tailed deer and its environment. WTU has developed strategies and implemented programs that have sustained traditional values and promoted the philosophy that wildlife is a cherished resource. Our belief is that future programs must continue to be fostered to ensure that the delicate balance between nature and man is maintained.

The strength of Whitetails Unlimited is our membership. In two decades, WTU has built a national reputation of integrity, core values and dedication to its mission. It would not be possible to accomplish anything without our membership base of over 70,000 avid conservationists. By joining with us you can amplify your voice through Whitetails Unlimited's efforts.

As a member of Whitetails Unlimited you will enjoy receiving our official quarterly publication, *Whitetails Unlimited Magazine*. Each issue is filled with exciting hunting stories, successful whitetail tips, membership adventures plus much more! *Whitetails Unlimited Magazine* is only for members and cannot be purchased at your local newsstand. Along with your magazine subscription, you will receive a 4-color personalized membership card and decal.
